

Ad hoc announcement pursuant to Art. 53 LR

Change in Newron Board of Directors

Milan, Italy – Dec. 1, 2021 – Newron Pharmaceuticals S.p.A. („Newron”, SIX: NWRN, XETRA: NP5), a biopharmaceutical company focused on the development of novel therapies for patients with diseases of the central and peripheral nervous system, today announced that Robert Leslie Holland has informed the Board of Directors of his intention to step down as a Non-Executive member of the Board of Directors, effective December 31, 2021.

Ulrich Köstlin, Chairman of Newron, commented: “The Board of Directors and I would like to thank Bob for his dedication and commitment to Newron since he joined the Board in 2013. During his time at Newron, amongst other milestones achieved, we have seen the approval and launch of our Parkinson’s disease product Xadago® in key territories including the EU, the USA and Japan, and the advancement of our pipeline product Evenamide into potentially pivotal studies in patients suffering from schizophrenia. He leaves with our sincere thanks and best wishes for the future.”

Robert Leslie Holland is a member of the Company's R&D Committee. At this time, Newron does not anticipate making any Non-Executive Director appointments.

About Newron Pharmaceuticals

Newron (SIX: NWRN, XETRA: NP5) is a biopharmaceutical company focused on the development of novel therapies for patients with diseases of the central and peripheral nervous system. The Company is headquartered in Bresso near Milan, Italy. Xadago®/safinamide has received marketing authorization for the treatment of Parkinson’s disease in the European Union, Switzerland, the UK, the USA, Australia, Canada, Brazil, Colombia, Israel, the United Arab Emirates, Japan and South Korea, and is commercialized by Newron’s Partner Zambon. Supernus Pharmaceuticals holds the commercialization rights in the USA. Meiji Seika has the rights to develop and commercialize the compound in Japan and other key Asian territories. Newron is developing evenamide as the potential first add-on therapy for the treatment of patients with positive symptoms of schizophrenia. For more information, please visit: www.newron.com
