## **DKSH Vietnam Achieves Dual Recognition for Continued Commitment to Sustainable Growth**

**DKSH Vietnam has once again been recognized among the “Top 10 Sustainable Businesses” by the Vietnam Chamber of Commerce and Industry and received the “2025 Corporate Social Responsibility Recognition Award” from the American Chamber of Commerce in Vietnam, reflecting its continued commitment to integrating sustainable practices across its operations and communities.**

Hanoi, Vietnam, December 16, 2025 – DKSH, a leading Market Expansion Services provider in Asia and beyond, has been listed among the “Top 10 Sustainable Businesses” in the Trade and Services category at the “Vietnam Sustainable Business Assessment and Announcement Program – CSI 2025,” organized by the Vietnam Chamber of Commerce and Industry (VCCI). In addition, the company was honored with the “2025 Corporate Social Responsibility (CSR) Award” from the American Chamber of Commerce (AmCham) in Vietnam. These distinctions for two consecutive years highlight DKSH Vietnam’s consistent implementation of sustainability strategies aligned with the assessment frameworks of both organizations, covering governance excellence, environmental stewardship, and social responsibility.

The “CSI (Corporate Sustainability Index) Program” is a prestigious annual initiative organized by the Vietnam Business Council for Sustainable Development (VBCSD) under VCCI to benchmark and announce the Top 100 enterprises with the most outstanding sustainable business practices in Vietnam. This program has been developed based on existing national legal frameworks, Global Reporting Initiative Standard, ISO 26000 on CSR and FTA commitments. The 2025 edition introduced updates to its evaluation framework, encouraging innovation, robust governance, and long-term value creation through advanced compliance-based indicators.

DKSH Vietnam also received AmCham’s “2025 Corporate Social Responsibility Recognition Award,” which assesses the quality of a company’s CSR management through its policies, implementation, and outcomes. This program underscores AmCham’s emphasis on transparency, stakeholder engagement, and long-term value creation, encouraging companies to embed CSR into their core strategies and demonstrate measurable impact.

These recognitions reflect the recent directions of government authorities and reinforce the role of these programs in promoting sustainable business practices nationwide. They also affirm DKSH’s sustainability strategy, which integrates making our value chains sustainable and having a positive impact on local communities; both which underscores the company’s commitment to long-term growth. Governance remains at the heart of DKSH’s approach, with group-wide policies adapted to local operations to ensure consistent, transparent, and ethical practices, supported by continuous talent development. DKSH’s sustainability efforts include reducing logistics-related emissions, optimizing packaging, improving resource efficiency, and implementing programs that benefit a wide range of communities, such as blood donation campaigns, “Patient Purpose Day”, and the “Tomorrow Space” education project.

Kim Le Huy, Head Country Leadership, DKSH Vietnam, stated: “Being recognized as a sustainable business by prestigious organizations such as VCCI and AmCham is a strong testament to DKSH’s long-term commitment to driving sustainable development in Vietnam. This dual recognition reflects our dedication to strong governance standards and close collaboration with local stakeholders and authorities to create meaningful, lasting impact. We remain committed to contributing to Vietnam’s vision for responsible and resilient growth.”
